

DENT TURNS DOWN JOB IN ALASKA

Resigns Place of Consul in
Dawson City.

DRAWN SALARY FOR A MONTH

Leo Berghold Selected to Succeed Him.
Now at Three Rivers, Canada.
Other Appointments.

Louis A. Dent, who drew salary as United States consul to Dawson, Yukon Territory, for last month, but did not leave Washington for his post, has resigned the position, and his resignation has been accepted.

The salary paid to the United States representative at Dawson is \$3,500, and he is allowed fees which in the past have brought the pay of the office to about \$7,200 annually.

Men who have held the office have informed the State Department, however, that a single man cannot live in Dawson, as a consul is expected to live, for less than \$3,500 a year. Consequently the Dawson place is far from a satisfactory berth, and is not in demand.

Mr. Dent said today that he would remain in Washington and take up the practice of law.

Since he resigned from the office of Register of Wills Mr. Dent has been engaged as special auditor appointed by Register of Wills Tanner in making a settlement of the accounts in connection with several matters of litigation in the probate branch of the Supreme Court of the District.

It may be said in this connection that by his experience in the office of Register of Wills Mr. Dent has paid special attention to the study of probate law, and is by many competent judges considered an authority on questions involving a construing of probate law. When Mr. Dent was appointed Register of Wills he inaugurated many improvements and methods of transacting business in the office. There was no little opposition expressed by members of the bar to some of the rules inaugurated by him in connection with the transaction of business in the office. He nevertheless persisted in enforcing the rules he established, and in the long run won the approval of those who at first opposed his methods. So it was that when he severed his connection with the office he left it with a great many more friends than he had when he entered it.

Mr. Dent's friends predict a successful career for him as a practitioner in the Washington courts.

The President this morning gave out the name of Mr. Dent's successor. It is Leo Berghold, at present consul at Three Rivers, Canada. The appointment takes effect at once. Other consular appointments announced today are: William F. Wright, of Pennsylvania, to be consul general at Munich; James H. Worman, now at Munich, to be consul at Three Rivers, Canada.

TREASURY MUST AUDIT PORTO RICAN RECEIPTS

According to a decision of the Comptroller of the Treasury, the Auditor for the Treasury will have to audit the customs receipts of Porto Rico. These receipts are collected by the Treasury Department and then turned over to Porto Rico.

It was sought to have the accounts audited by the Porto Rican government, which audits the expenditures of the money after they come into Porto Rican hands. As an alternative, it was suggested that the cost of an extra force to audit such collections be paid from the sum total of the money collected. The Comptroller, however, issued a warrant for either procedure.

LOUIS A. DENT.

Recently appointed consul at Dawson City, he today resigned to continue the practice of law in Washington.

WASHING ORDER FOR ICE CREAM CANS

Dealers Ask That Commissioners Make
Consumers Do the
Work.

For the protection of themselves and the general health of the public, the Washington Confectioners' Association has written to the Commissioners asking that the can-washing order regarding the cleansing of milk cans by consumers before returning them to milk dealers, be extended to ice cream cans, also. Their cans, say the confectioners, are often returned in such condition as to make their further use dangerous. Mr. Macfarland referred the letter to the Health Officer.

LIBERAL LEADER MORLEY BECOMES A CATHOLIC

MANCHESTER, England, May 5.—The "Dispatch" prints a report that John Morley, the eminent Liberal member of parliament, has become a Catholic. The report, if true, is most surprising, as Mr. Morley has hitherto been thought to have a decided leaning toward the philosophy of Voltaire, on which he has written a sympathetic treatise.

QUALIFYING ROUNDS AT CHEVY CHASE TODAY

Good Outside Players Pitted Against
Best Local Talent—Mr. McCammon
and Dr. Harban Praised.

Qualifying rounds for the Chevy Chase spring golf tournament are being played today, and promise to furnish some excellent sport. The tournament is growing in importance each year, and the number and quality of entries show that the prominent golfers are rapidly awakening to the opportunities for high grade sport on the Washington course.

There are now in the city twelve experts from out of the city, who will test their skill against that of forty local players. Baltimore, Atlantic City, and other places are well represented, and make the selection of the winners particularly difficult.

O. McCammon, the star of the Chevy Chase Club, and Dr. L. L. Harban, champion of the Columbia Golf Club are paired, and will probably furnish the most interesting contest of the day. Dr. Harban was the winner of the Chevy Chase spring tournament last year, and his friends predict that he will repeat the trick this time.
